

Headline: Marine Servicenter showcases diversity with power, sail, and multihull yachts at the 2025 Seattle Boat Show

Marine Servicenter

Seattle Boat Show: West Hall, Booth 39

****FOR IMMEDIATE RELEASE****

Seattle, WA - Marine Servicenter will be offering a diverse lineup of boats at the 2025 Seattle Boat Show. A pillar of the Pacific Northwest maritime industry, Marine Servicenter is proud to offer something for every boater. "We focused on diversifying our products and stock

to create more well-rounded offerings to west coast boaters," said Dan Krier, Vice President of Marine Servicenter.

After laying the groundwork in 2024 for another waterfront location in Marina del Rey, CA, the company now has 4 offices including Seattle & Bellingham, WA. along with San Diego, CA. "Now, the quality sales team and infrastructure that started in Seattle in 1977 is along the entire west coast, offering new and used sailboats, powerboats, and catamarans to west coast boaters," said Dan.

Indoors, Marine Servicenter will be celebrating the West Coast Debut of the award-winning Jeanneau Sun Odyssey 350. The Sun Odyssey 350 features Jeanneau's signature walk-around decks, a hallmark of comfort and accessibility. Sleek lines combine with stunning aesthetics, a scow bow hull, and plenty of cruising amenities below, bringing big-boat features to this compact, mid-size cruiser.

Joining this incredible sailboat at the indoor venue will be equally stunning and adventure worthy powerboats: a True North 34 Outboard Express and a XO Crossover Boats DFNDR 9. The True North 34 OE features trawler stability with modern speed. The DFNDR 9 features a military grade, deep-v aluminum hull with fiberglass deck and interior, making her a rugged yet quiet and comfortable sport utility vehicle. No need to wait for a weather-window with an XO Crossover Boat – go anywhere any time!

Afloat, Marine Servicenter will be showcasing a Catalina 355, Lagoon 42 Catamaran, and a Jeanneau Sun Odyssey 490. Making her Seattle Boat Show debut, the Catalina 355 is a traditionally built sailboat with lead keel, crash bulkheads, and an elevated interior featuring Burmese teak and ash hull-side slats. The Lagoon 42 Catamaran impresses with a self-tacking, oversized jib and an aft mast that contributes to good upwind sailing and a very low center of gravity, effectively reducing pitching. The Jeanneau Sun Odyssey 490, the flagship of the Sun Odyssey line, exemplifies how sweet life aboard can be. Her remarkably spacious interior, a cockpit that transforms into a living area, signature walk around decks and a huge foredeck with sail locker, she is a proud cruiser designed for longer periods of life onboard.

Do not miss out on the celebrations and exclusive offerings from Marine Servicenter at West Hall Booth 39 & Outdoors at Bell Harbor. Marine Servicenter is excited to welcome you aboard!
