

Silver Seas Yachts Debuts New Azimut Magellano 60 at Seattle Boat Show

Seattle, WA – January 31st to February 8th, 2025 – Silver Seas Yachts, a leading dealer of luxury yachts, is thrilled to announce the exclusive debut of the **Azimut Magellano 60** at the Seattle Boat Show. As a key highlight of the event, this groundbreaking yacht will be displayed at the **in-water portion** of the show at **Bell Harbor Marina**, giving guests an exceptional opportunity to explore the craftsmanship, elegance, and innovation that define the Magellano Series.

The **Magellano 60** is the latest addition to Azimut's iconic Magellano Series, offering unparalleled versatility as the only crossover yacht in its class to **combine expansive onboard spaces with timeless Italian design**. Built with long-range exploration in mind, the Magellano 60 features **Azimut's patented Dual Mode semi-planing hull**, ensuring efficient cruising, exceptional seaworthiness, and reduced environmental impact.

This luxurious yacht is designed for those who love extended stays onboard, featuring **panoramic views**, a seamless connection between indoor and outdoor spaces, and a calming interior aesthetic. **The Infinity Terrace**, a transformative cockpit space, is complemented by the bright main deck lounge, offering a sense of continuity with the surrounding sea. Inside, **brushed Cinder oak finishes, Vienna straw accents, and warm gray hues** create an inviting and sophisticated atmosphere. **The three spacious cabins, each with private en-suite bathrooms**, provide unmatched comfort for extended cruising, while the **innovative convertible dinette** ensures versatile use of interior spaces.

“As an adventurer’s dream crafted with precision and style, the Magellano 60 is set to redefine expectations for yacht enthusiasts in the Pacific Northwest,” said Billy Gilbert, Manager of the Silver Seas Yachts Washington locations. “We are honored to unveil this exceptional model at the Seattle Boat Show, where visitors can experience its cutting-edge design and explore its innovative features firsthand.”
